The Editorial Team

Dr Kariem El-Boghdadly, Editor

Kariem El-Boghdadly is a Consultant Anaesthetist at Guy’s & St Thomas’ NHS Foundation Trust. He completed undergraduate training at University College London in 2007, and proceeded to undertake his anaesthetic training in the South East School of Anaesthesia. He was awarded the Nuffield Prize for the FRCA and completed fellowships in pre-hospital medicine in Sydney, Australia, followed by regional anaesthesia in Toronto, Canada. He has written and published original articles, reviews, educational articles, book chapters, FRCA books, and has completed an MSc in peri-operative medicine. He is an expert reviewer for several journals, and is a former Anaesthesia Journal fellow. Kariem’s research interests include regional anaesthesia, airway management and peri-operative medicine.

Dr Craig Bailey, Assistant Editor

Craig Bailey was appointed a Consultant Anaesthetist at Guys and St. Thomas’ NHS Foundation Trust in 1995. He qualified from the University of London in 1984 and trained in intensive care medicine and anaesthesia in London and Cambridge. His clinical interests are paediatric cardiac anaesthesia, thoracic anaesthesia and orthopaedic anaesthesia. He has taught and lectured on anaesthesia nationally and internationally in Europe and the Caribbean.

He has authored original articles, editorials, chapters and a book on a number of topics including the FRCA examination, adult congenital heart disease patients and paediatric analgesia.

He was Training Programme Director for the South Eastern School of Anaesthesia between 2000 and 2005 and has been a College Tutor. He became an Editor of the journal Anaesthesia in 2011 and is currently an Examiner for the Royal College of Anaesthetists.

Dr Serene Chang, Assistant Editor

Dr Serene Chang is currently a Consultant Anaesthetist at Ng Teng Fong General Hospital, Singapore. She was previously a Consultant Anaesthetist at Barts Health NHS Trust UK from 2010-2016. She studied medicine at Guy’s and St Thomas’ Hospitals UK, and was a Specialist Registrar at Barts and The London School of Anaesthesia in the UK. She obtained her MD (Research) with Queen Mary University of London in 2013, and is an Honorary Research Fellow with the Biomedical Engineering Research Group at City University London. This group has vast amounts of experience in designing and evaluating optical sensors for various clinical settings. Their work has been presented at international meetings and published. Her clinical interests include head and neck anaesthesia, orthopaedic and trauma surgery.

Dr Helen Laycock, Assistant Editor

Helen Laycock qualified from Imperial College in 2005 and is an anaesthetic trainee at the Imperial School of Anaesthiesia, having become a fellow of the Royal College of Anaesthetists in 2011. She was awarded a Wellcome Trust Clinical Research Fellowship in 2013 at Imperial College to conduct research into burn injury associated pain. Her research interests focus on pain in critical illness and pain education. She was the first recipient of the Anaesthesia trainee fellowship in 2013, spending a year with the journals editorial team.

Dr Mike Charlesworth, Assistant Editor

Mike Charlesworth is an advanced trainee in cardiothoracic anaesthesia at Wythenshawe Hospital, Manchester. He previously undertook a three-year Academic Clinical Fellowship at Lancaster University and completed an MSc in Clinical Research under the supervision of Professor Andrew Smith. He was awarded the 2017 RCoA/NIAA Maurice P Hudson Prize for Research and is the current Trainee Fellow for Anaesthesia. He has authored several original articles, editorials, systematic reviews and educational resources on a number of topics including ECMO, decision-making and research methodology. His clinical interests include cardiothoracic anaesthesia, ECMO and heart transplantation.
